ABOUT

For generations, Rossi has been a family dedicated to working with metal, the experience which decorates with historical tradition the productive fabric of the ship works which began in Viareggio. Rossinavi is the company brand founded in 2007 from Cantiere Fratelli Rossi's propulsive evolution, today carrying 35 years of operational experience. In Rossinavi's company and creative philosophy, the shared productive process is active synergy amongst all players: the client is involved from the start, from inception to delivery - and in the development of relationships - of the object of desire.
